aimedis

the future of healthcare

A fully operational platform
secured by blockchain

OUR PRESCRIPTION FOR **SUCCESS**

Aimedis is a holistic platform integrating latest blockchain technology alongside insights from artificial intelligence (AI).

Ahead of the curve, Aimedis draws from 12 years of clinical experience and is in compliance with healthcare regulations and existing IT environment.

Best of all: We are already running in hospitals across Germany, with cooperations in Asia planned for 2018.
